**RJN Group, Inc. Wins 2005 American Public Works Project of the Year Award
for Scenic Overlook at Castle Rock State Park**

Wheaton, IL (May 13, 2005) – Selected by the American Public Works Association, RJN Group, Inc. wins the highly prestigious **2005 American Public Works Project of the Year Award** for reconstruction of the Scenic Boardwalk and Overlooks at Castle Rock State Park in Oregon, Illinois. The award was established to promote excellence in the management and administration of public works projects and recognizes the alliance between the managing agency, the engineer, and the contractor who together complete public works projects. RJN Group's award is the only one bestowed in the "Structures Under \$2 Million" category and is one of fifteen national awards given.

The improvements to Castle Rock State Park completed by RJN Group, Inc. included boardwalk improvements, improvements to two overlooks, parking lot expansion, and construction of two retaining walls. The project was completed on schedule and under budget using innovative technology and management applications. Steve Maney, Principal of RJN Group, Inc., will accept the award on September 12th at the Minneapolis 2005 International Public Works Congress and Expo.

RJN Group, Inc. is a leader in providing Engineering Services and Information Technology Software to municipal, county, state, and federal clients for the past 30 years. The firm is headquartered in Wheaton, Illinois with offices in Collinsville, Illinois; St. Louis, Missouri; Dallas, Fort Worth, Arlington, Austin, Houston, and San Antonio, Texas, Fayetteville, Arkansas; Tulsa, Oklahoma; Vienna, Virginia; Boston, Massachusetts; Deerfield Beach and Miami, Florida; and Atlanta, Georgia.

RJN provides public works engineering and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, drainage, roads, bridges, and in addition, GIS services. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
