RJN Group, Inc. Performs another Signal Design Project on Boughton Road

Wheaton, IL (February 9, 2006) – The Village of Bolingbrook, Illinois hired RJN Group, Inc. to design the traffic signals at the intersection of Boughton Road and Lyons Road. RJN was selected for this project due to an outstanding performance record with the Village for previous signal design projects on Boughton Road. The project will begin in March 2006 and continue through the July 2006.

RJN Group, Inc. is a leader in providing engineering services and information technology software to municipal, county, state, and federal clients for the past 31 years. The firm is headquartered in Wheaton, Illinois with offices in Collinsville and Chicago, Illinois; St. Louis, Missouri; Dallas, Fort Worth, Austin, Houston, and San Antonio, Texas, Fayetteville, Arkansas; Tulsa, Oklahoma; Vienna, Virginia; Boston, Massachusetts; Baltimore, Maryland; Deerfield Beach and Miami, Florida; and Atlanta, Georgia.

RJN provides public works engineering and information technology services for the development, maintenance, and management of municipal infrastructure systems including sewer, water, drainage, roads, bridges, and in addition, GIS services. Projects include engineering studies, preliminary and detailed design, construction engineering, and maintenance management. The firm provides the CASS WORKS® family of software products for tracking of asset inventories, maintenance activity, physical inspection and histories, and related management systems. RJN also provides CASSView™, a GIS deployment tool providing direct access to GIS, CASS WORKS, and other related data.
