RJN Group, Inc. Selected to Design Drainage Relief System for Dallas Public Works

Dallas, TX (September 30, 2009) – RJN Group, Inc. was selected to perform a drainage analysis and design for the Wynnewood Village shopping center in the City of Dallas. The scope of the project includes drainage analysis and design for approximately 1,100 linear feet of 10' x 8' box culvert; 2,300 linear feet of 8' x 8' box culvert; 1,850 linear feet of 21-inch to 39-inch storm sewer; and other miscellaneous items to update the storm sewer system. In addition, approximately 180 linear feet of 8-inch water line will be replaced.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include the study, design, and construction management of wastewater, water, stormwater, roadways, and bridges. GIS and asset management services are also offered by the firm. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
