RJN Group, Inc. Expands East Coast Operations

Wheaton, IL (November 27, 2007) – RJN Group, Inc. has expanded its East Coast operations with a new address to service our existing Virginia Beach – Tidewater area clients. The updated office address is: RJN Group, Inc., 2696 Reliance Drive, Suite 200, Virginia Beach, VA 23452.

Leadership in this office is under the direction of Jon van Soestbergen, P.E., who was named Principal of RJN Group, Inc.'s east coast region at the firm's annual August Strategic Business Meeting. Mr. van Soestbergen started his career with RJN in 1984, and re-joined the firm in April of 2005 after 11 years holding various positions at the Virginia Department of Environmental Quality. As the DEQ's Director of Office of Water Permitting Programs, Mr. van Soestbergen formulated and implemented statewide policies related to NPDES permitting, inspection and compliance, including participation in statewide CMOM and SSO policy development. Since joining RJN he has acted as Project Director on several major consent order related flow monitoring and SSES projects throughout the mid-Atlantic region, including Baltimore City and Baltimore County in Maryland, and the Allegheny County Sanitary Authority (ALCOSAN) in Pittsburgh, Pennsylvania. He was also directly involved as Project Director for SSES related projects in Virginia for municipalities including Prince William, Alleghany, and Augusta Counties, as well as the Town of Culpeper and the City of Fredericksburg.

Mr. van Soestbergen earned a Bachelor of Science Degree in Civil Engineering from the George Washington University, holds a Masters Degree in Civil Engineering from Northeastern University, and has over 23 years of experience in the engineering field. As Principal, Mr. van Soestbergen will continue in his current role as Regional Director for day-to-day operations of RJN's offices in Virginia Beach and Vienna, Virginia; Baltimore, Maryland; and Pittsburgh, Pennsylvania while working to expand RJN's client base throughout the east coast.

RJN Group, Inc. provides engineering consulting services for municipal, county, state, and federal infrastructure systems. The firm's offerings include the study, design, and construction management of wastewater, water, stormwater, roadways, and bridges. GIS and asset management services are also offered by the firm. RJN, established in 1975, is headquartered in Wheaton, Illinois with offices nationwide.
